PROFILE SUMMARY

I am a dedicated software developer who has honed my programming skills through unwavering determination and persistence. My commitment to continuous learning and professional growth is evident through the completion of multiple programming certifications and hands-on projects. Proficient in web development technologies, including JavaScript, React, Python Django, and Redux, I am enthusiastic about collaborating with an ambitious team to deliver cutting-edge software solutions

PROJECTS

Travel Website— React, Tailwind

A dynamic travel website built with React and styled using Tailwind CSS for a seamless user experience

CRM Dashboard — Django, React

Efficient CRM dashboard powered by Django and React for streamlined data management
